

ROCCO SPAGNUOLO

Researcher

MEDS-10/A Digestive Diseases

spagnuolo@unicz.it ORCID: 0000-0002-0871-4644 Scopus ID: 55489343100

EDUCATION:

Master in Small Bowel Ultrasound Ultrasound

University of Milan, Italy.

Ph.D. in Molecular Oncology, Experimental Immunology and Development of Innovative Therapies

*Magna Graecia University
Catanzaro, Italy.*

Degree in Gastroenterology and Digestive Endoscopy

*Magna Graecia University
Catanzaro, Italy.*

Degree in Medicine

*Sapienza University of
Rome, Italy.*

MEMBERSHIPS:

**European Crohn's and Colitis
Organisation (ECCO)**

**Italian Group for the Study of
Inflammatory Bowel Disease
(IG-IBD)**

**Italian Society of
Gastroenterology (SIGE)**

Rocco Spagnuolo is a researcher at the Magna Graecia University of Catanzaro (Italy).

Graduated *cum laude* in Medicine (2005) and post-graduated in Gastroenterology (2011), he holds a PhD in Molecular Oncology, Experimental Immunology, and Development of Innovative Therapies (2016). In 2019 He has been a lecturer and researcher at the Sahlgrenska Academy of the University of Gothenburg (Sweden). In 2021, he gained the National Scientific Qualification as assistant Professor in Gastroenterology. (MEDS10/A). Since 2022, he is gastroenterologist Researcher (RDT-B) MEDS-10/A-Gastroenterology at Health Sciences Department of "Magna Graecia" University, carrying out clinical and research activities mainly on:

- Pathophysiological and immunopathological mechanisms of inflammatory bowel diseases and on the translational implementation of omics sciences in clinical practice.
- Efficacy and safety of advanced therapies in the management of Inflammatory bowel disease.
- Metabolic profile characterization and cardiovascular risk determination of inflammatory bowel disease patients mainly focused on the study of the gut-liver axis and on the genetic and pathophysiological links

TEACHING:

- Post-graduate School of Digestive Diseases, at the "Magna Graecia" University
- Ph.D. program in "Clinical and Experimental Biomedical Sciences"
- Gastroenterology at the school of Medicine at the "Magna Graecia" University
- Elective course entitled "*Biological drugs and small molecules in inflammatory bowel disease: from pathophysiology to clinical practice*" at the school of Medicine at the "Magna Graecia" University

WORK EXPERIENCE:

- Clinical, endoscopic and ultrasonography activities in patients with digestive diseases in inpatient and/or outpatient settings;
- Sub-investigator or co-investigator in several international clinical trials (phase II, III and IV) on inflammatory bowel disease with specific training in Good Clinical Practice and IATA;
- Member of the Governing Board of the Italian Society of Gastroenterology and Digestive Endoscopy (SIGE) Calabria section;
- Regional coordinator and Scientific Board Member of the Italian Group for the Study of Inflammatory Bowel Disease
